Today while I was waiting for my laundry to finish **I decided to play with my beaver a little bit**, but a little bit always turn into a lot, especially when I've got my trusty red vibrator! I wanted to feel my soft cotton panties rubbing against my wet slit, so I didn't even bother taking them off when I started to masturbate.

It felt so good moving it up and down my pussy, and **I even started to**

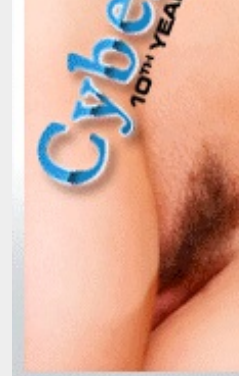

push it against my asshole! The stimulation was driving me crazy and I came so hard from it. Good thing I was doing laundry, because now I can wash these wet panties! Cum and see more of me at my site... you won't regret it!

Hey guys! I just got some new pink lingerie and it looks so good on my **tight and fit body, but I think I'll take it all off** because I shouldn't keep a hot set of tits and a wet pussy like this covered, should I?

I knew you'd agree, and I think you'll love watching me **get nasty with a vibrator and a set of beads!** I can't fit them both in the same hole, so I guess I'll have to use two! Using them both at the same time feels so good but you'll have to cum visit me to watch! **See how dirty I get in my member's area now!**
